

**Position: Science Teacher**

**School: Pius XI Catholic High School**

**Academic Year: 2025-2026**

Pius XI Catholic High School is seeking a dynamic and passionate Engineering Teacher for the 2025-2026 academic year. As a diverse Catholic high school in Wisconsin, Pius XI is committed to providing an education that prepares students for both higher education and successful careers. Our school community is guided by the core values of **Integrity, Inclusion, Excellence, Community, and Service**, and we are dedicated to providing our students with excellence in the classroom.

We are looking for a highly motivated educator who is committed to engaging and inspiring students in the fields of engineering and science. The ideal candidate will have a strong passion for working with adolescents, a collaborative approach to teamwork, and an eagerness to contribute to a science department that is looking to become a leader among schools in the area.

The Science Teacher will be responsible for instructing some but not all of the following courses:

- **PLTW Civil Engineering and Architecture**
- **PLTW Principles of Engineering**
- **Physics**
- **AP Physics**
- **Physical Science Laboratory Investigations in Forensics**

**Qualifications:**

- Bachelor's degree from an accredited institution required
- DPI licensure preferred, though unlicensed candidates with demonstrated subject expertise and a commitment to pursuing licensure will be considered
- Strong background in science, math, and technology education
- Experience in managing and coordinating educational programs
- Excellent verbal and written communication skills
- Proven ability to engage and support students with varying academic abilities

**To Apply:**
