CONNECTED

TAC

At Pius XI, you are part of a TAC (Teacher Advisor Contact), a family of students from all grade levels who you meet with twice a day for each of your four years. Your TAC teacher is your advocate and the person your parents can contact if any challenges arise. The TAC program is pretty unique and helps build community within community.

DID YOU KNOW...

Over 29,000 Pius XI alumni are represented all around the country and across the world.

Students graduate with the foundational principles and character needed to be global citizens and include: CEOs, entrepreneurs, priests, artists, investment leaders, writers, lawyers, chefs, missionaries, teachers, musicians and more.

CHALLENGED

ACADEMICS

Being a Pius XI Pope is not easy academically, but you have a compassionate staff who want you to succeed and reach your highest academic potential. Success will look different for each of you and the focus will be on growing and improving YOURSELF, not comparing yourself to others. Opportunities exist for all types of learners including 15 AP courses, concurrent enrollment (take college classes for credit while at Pius XI), supportive programming for students with diagnosed learning disabilities, and newly expanded Science & Engineering courses including Rube Goldberg, architecture, electrical engineering, biomedical science and computer science.

DRIVEN

ATHLETICS

A rich tradition of excellence and a commitment to high performance and character building are hallmarks of our athletics program. With 20 multi-level sports offerings, you can try out several and find where you excel. From baseball to wrestling, co-op swim to soccer and of course, our storied basketball program, there is a lot to be proud of when you represent the Popes in competition.

DID YOU KNOW...

Pius XI athletic teams have won 193 conference championships and 98 state championships.

Countless student-athletes have gone on to compete collegiately and professionally.

Leadership skills developed through athletics translate into leadership roles in future careers.

INCLUSIVE

DIVERSITY

Equity, inclusion and respect are core to who we are. Our diversity is one of the top reasons families choose to come to Pius XI because it is a reflection of the real world. You will meet young men and women who are just like you. But you'll also meet students from very different socio-economic, cultural, ethnic and faith communities from over 100 different schools (and even other countries).

DID YOU KNOW...

Pius XI is the most diverse private school in Wisconsin.

In professional settings, groups with differing points of view perform the strongest on solving complex problems.

CREATIVE

THE ARTS

Creativity is one of the most in-demand skills of 21st century employees. Our nationally-recognized visual and performing arts programs are not just for artists. All students benefit from sequential courses in visual arts, dance, theater or music as studies show that the arts increase perseverance, divergent thinking, problem solving and collaboration. The arts thrive at Pius XI and our visual arts and performing arts faculty are some of the best teachers anywhere.

COMPASSIONATE

FRANCISCAN VALUES

Dignity. Peace. Respect. These values, rooted in our Franciscan Catholic tradition, guide our culture and inform our actions. We are all created in the image of God and are compelled to live our Gospel values and to love one another as God has loved us. All students will take 4 credits of Theology, participate in retreats and community service as well as gather monthly for mass.

DID YOU KNOW...

Daily prayer is offered during morning announcements and our mid-day EXAMEN—a 3 minute reflection.
