

**WEEKLY COMMUNICATION – SCHOOL REOPENING – PARENTS
THURSDAY, JULY 2, 2020**

***THE HEALTH AND SAFETY OF YOUR CHILDREN IS OUR FIRST PRIORITY.
You will receive an update each Thursday.***

MOST IMPORTANT: Please complete the survey that is linked below. Your feedback is important as our school administration makes plans for our possible return to school. The survey will close at 5pm on Tuesday.

ISSUES IN PROCESS DURING THE WEEK OF JUNE 30-JULY 3, 2020

- Cleaning and disinfection of the coils for the air handlers and roof top units has been completed.
- Sanitation supplies and additional hand sanitizer dispensers have arrived.
- Conversations with FLIK about food service and what it will look like have begun. FLIK is a national company and they are actively working out their vision of food service at this time. We do know that we will have food service during the upcoming school year but have no specifics right now. FLIK is working out all the health and safety protocols required by the local health department. We will keep you posted when we have more definitive information about the specifics for Pius XI.
- We are working on possible partnerships to staff a health office at Pius. Anyone who is ill can no longer be in the main office. We are in preliminary conversations with Froedtert and local nursing programs in the area.
- Next week our Field House will open for training and conditioning sessions for student athletes. Coach Kehoss has spent countless hours leading the detailed procedures for reopening the Field House. Procedures are aligned with WIAA and City of Milwaukee Health Department requirements. Coaches were trained this week, so they are ready to work with students in “pods” beginning next week. A copy of the Pius Returns to Play document that outlines all the procedures for the summer training activities is also attached to this message

**PLEASE SEND ANY OF YOUR QUESTIONS/CONCERNS TO
piuscomeshome@piusxi.org.**
